

## Warm your hands, warm your toes... and warm your tyres!

BMW seem to be all about Joy of late, and I'm pretty sure there's not a better word to describe the feeling before, during, and after a few laps around the race track. Find a new and exciting side to your BMW—motorsport pedigree. It's not all about speed though; the track is the perfect place to learn your, and your car's limits and feel more confident behind the wheel. Please be sure to let us know if you will be attending, by simply replying to this email, or the contact numbers below. Make sure you bring your membership card.
